You may refer as many names as you like. The refund amount you receive can not exceed the cost of your 2010 pool dues (\$425). Each family referred will be on a first come basis. Make sure you tell your friends not to give their names to multiple members. In the event that we receive a duplicate new member referral, the first form received will be honored only.

The family that refers the most new members will receive an additional award.

In order for the referral to count, the new member must pay their one time bond fee (\$500) and their dues (\$425) before opening of the pool on May 29, 2010. We appreciate your help.
